

- When a resident is requested to provide a urine specimen the resident must remain in the designated area in front of the monitor's station. Failure to do so will result in an incident report being prepared for "Refusing to Provide a Urine Specimen."
- Each resident is allotted two (2) hours to provide a specimen beginning at the time of the request. Failure to do so will result in a disciplinary action.
- Residents are allowed to drink a maximum of one eight (8) ounce cup of water only, and must have a staff member present when getting the water.
